 - Identifies repeated patterns, or graduated series.
- Instructions
 1. Find 10 of one type of thing
 2. Find 9 of a different thing
 3. Find 8 of something else
 4. Find 7 of another item
 5. Find 6 of something else
 6. Find 5 of something you haven't found yet
 7. Find 4 of something different
 8. Find 3 of something
 9. Find 2 of something
 10. Find 1 of something else
 - a. Order them by how many they have, from most to least.
 - b. Then order them based on how long the actual items are, are all the same items in one group the same size, like pens? Or are they all different sizes?
 - c. When you're done putting them in different orders, put everything back away where you found it.
